

# COMMUNICATION

ABSOLUTE POWER CONNECTS ABSOLUTELY

From the next room to the next hemisphere, RESIDENTIAL SYSTEMS, INC. connects you to the world through state-of-the-art communications technology. Whether for business, entertainment, education or general home use, we have the experience and knowledge to design the appropriate voice and data solutions.

---

- Enjoy instant access to the world through multiple voice and data lines
  - Connect from anywhere to check and change home system status
  - Make local and long distance calls using your broadband Internet connection with our VoIP phone system
  - Answer and operate the front door and front gate from any telephone in the home
  - Intercom between rooms through the telephone system
- 

Never again will you worry about your home in Aspen during those long business trips away. Use the Internet to control climate and security systems, give tradespeople access, even monitor remodeling projects. At home, visit the Louvre online when you are not able to get away from Colorado.
